**3D**EXPERIENCE®

WHAT'S NEW IN DRAFTSIGHT® 2025

*These enhancements apply to DraftSight solutions on the desktop and **3D**EXPERIENCE® platform unless stated otherwise.*
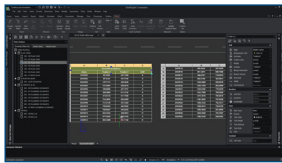

1 Import STEP Files *

- Enable all users to import STEP files from a local disk.
- Accelerate 3D design workflows by importing STEP design data.

Benefits

Expand design possibilities and improve workflow efficiency with 3D model STEP import.
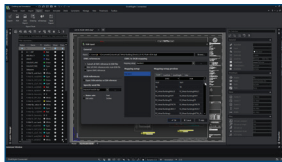

2 Table Enhancements *

- Experience enhanced table functionality with the support of auto-filling cells and table breaks. You get enhanced usability and productivity with improvements to cell edit workflows.

Benefits

**Enjoy clear, precise design communication with customized tables.**

3 Export DWG to DGN Files *

- Allow export of DGN files from DraftSight for seamless design and collaboration for civil engineering, architecture, and industrial plant design.

Benefits

Empower collaboration in the construction industry with DGN export.
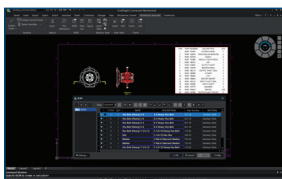

4 Dynamic Blocks Ready-to-Use Library

- Use Dimensional Constraints with Dynamic Blocks in DraftSight.
- Improve your drawings with a library of ready-to-use dynamic blocks.

Benefits

**Rapidly create new drawings from existing files without loss of detail.**

5 BOM Setting

- Select which properties to list and display in your bills of materials, part lists, and balloons with the new BOM setting.

Benefits

Customize your bills of materials, part lists, and balloons effortlessly.

** Available only in **3D**EXPERIENCE DraftSight Premium and Mechanical and DraftSight Premium and Mechanical.*
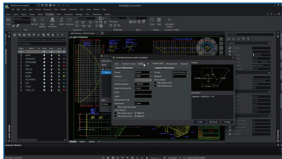

6 DWG 2021 Support

- Include and edit mechanical entities created and saved as DWG files up to version 2021.

Benefits

**Streamline your workflow and unlock new possibilities for precision and efficiency.**

7 DWG UNITS Command

- The new DWGUNITS command in DraftSight facilitates seamless conversion between unit systems.

Benefits

Standardize 2D drafting by seamlessly converting measurements between unit systems.
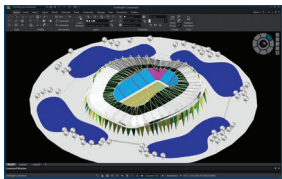

8 CATIA® Drawings Import

- Import CATIA drawings with fidelity in graphical representations while preserving the multi-sheet drawing views and names in DraftSight.

Benefits
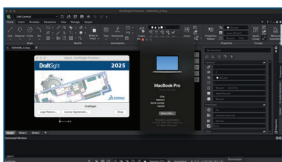

Work seamlessly with both CATIA and DraftSight.

9 Stability and Performance

- Enjoy improved stability and performance.
- Decrease crash rates while you increase the speed of drawing view manipulation.
- Save time loading drawings that contain external reference files.

Benefits

Maximize your productivity and efficiency when working with large and complex drawings.

10 MacOS Sonoma Upgrade

- Run DraftSight Premium on the latest macOS release, Sonoma.

Benefits

Support seamless operations and productivity through compatibility with the latest macOS versions.

Our **3D**EXPERIENCE® platform powers our brand applications, serving 12 industries, and provides a rich portfolio of industry solution experiences.

Dassault Systèmes is a catalyst for human progress. We provide business and people with collaborative virtual environments to imagine sustainable innovations. By creating virtual twin experiences of the real world with our **3D**EXPERIENCE platform and applications, our customers can redefine the creation, production and life-cycle-management processes of their offer and thus have a meaningful impact to make the world more sustainable. The beauty of the Experience Economy is that it is a human-centered economy for the benefit of all — consumers, patients and citizens. Dassault Systèmes brings value to more than 300,000 customers of all sizes, in all industries, in more than 150 countries. For more information, visit **www.3ds.com**.
